AUTORINSE AID

Developed in Scandinavia this is a blend of specialised low foam wetting agents in a water/alcohol/surfactant base. Prevents streaking and spotting of table and glassware in automatic dishwashers and cabinets.

- Effective at high dilution
- Easily and gently removes water residues
- Ensures sparkling Table and glassware.
- Safe on aluminium, metal surfaces, glass and rubber
- Ideal for industrial and domestic use.
- Effective in hard and soft waters
- Prevents haze even in hard water
- **Biodegradable**

Application

Use in accordance with the machine manufacturer's recommendations. In general dilute up to 900:1. Depending on the water quality. Use over temperature range 42°C – 70°C.

Available in 4, 5, 25, 30 and 205 litre plastic containers
