# WINDOW + GLASS CLEANER

TECHNICAL DATA SHEET

A unique formulation specifically designed to clean windows and mirrored surfaces without streaking. When applied with a soft cloth this product leaves a light dusty residue which can be polished away with a clean cloth to leave a bright smear free surface even in direct sunlight. Ideal for valeting being quick drying and low dusting. Suitable for industrial and domestic use.

- Unique formulation
- Easily applied
- Low Hazard formulation
- Low odour
- Cost effective
- Superb results

### Application

Spray or rub via cloth onto area to be cleaned. Spread onto all parts with circular motion. Allow to dry, which will normally be less than 30 seconds, with a clean cloth, polish. Try to use two separate cloths for application and polishing. Do not use on very hot surfaces. Regular use will cut down on application time and amount needed.

**Available in 1, 5, 25 and 205 litre steel containers**
