OVEN + FRYER CLEANER

A highly concentrated Oven and Fryer cleaner which combines effective degreasing cleaning power with the ability to kill most bacteria, mould and algae. Designed to remove heavy grease, oil and dirt whilst also treating the spores which grow unsightly mould, algae etc.

Contains the least possible amount of Caustic and aggressive chemicals to be as **Environmental** as possible.

- Effective at high dilution
- Easily and gently removes dirt and grime
- Does not contain ingredients which accelerate metal corrosion
- Safe on paintwork, metal surfaces, glass and rubber
- Can be used in pressure wash machines
- Effective in hard and soft waters

Application

Surface Cleaning : Remove all loose surface debris, apply at up to 300:1 dilution under low pressure spray, allow between 15 minutes and 1hour contact time. Rinse off with clean water. High pressure sprays can be effective at removing built up growths. Re-treat periodically.

System Treatment : Dose at up to 300:1 depending upon amount of bacterial contamination. Allow to circulate and repeat dose when necessary.

Use a Dip Tube style trigger spray for safe application and Storage.

ALWAYS USE WITH: Safety goggles, Elbow length HD Rubber Gloves and Face protection masks.

Available in 5, 25, 30, 205 and 1000 litre plastic containers
